This is a binding contract for the purpose of protecting both Seller and Buyer. Judy Vickers, hereinafter referred to as Seller, certifies that said puppy is in good health to the best of Seller's knowledge.

Buyer has 72 (workday) hours after purchase and possession to take the puppy to a state licensed veterinarian. If upon examination the veterinarian finds said puppy in seriously ill health Buyer must notify Seller within 24 hours. Buyer shall return the puppy to Seller with all the veterinarian documentation. Seller shall replace said puppy with another puppy of equal value immediately, or as soon as one becomes available. Buyer is responsible for all shipping and veterinarian costs. Any puppy returned must be returned with AKC registration papers mailed separately if puppy is shipped.

Seller offers a 1 year guarantee for Hereditary Mitral Valve Disease (MVD). A dog with clinical signs of the disease will be eligible for replacement according to the terms of this contract. This guarantee applies only to a dog that is diagnosed with MVD that has caused debilitating effects on the dog within the first year of life. The diagnosis must be determined by x-ray and ultrasound, taken and evaluated by a board-certified veterinary cardiologist. If the puppy is sold out of state, the licensed cardiologist's diagnosis must be made and submitted to Seller, along with x-rays and ultrasound findings to be evaluated by Seller's veterinary cardiologist. If sold locally, the puppy in question will be evaluated as above. Seller reserves the right to obtain a second opinion. Buyer understands the Seller has made the health of the Cavalier Breed a top priority in Seller's breeding program but can make no guarantees on the long term future health, congenital or genetic defects that may surface. Buyer also acknowledges their awareness of the existence of Syringomyelia and Mitral Valve Disease in the Cavalier King

Charles Spaniel and is committed to the responsible handling, acceptance and caring for the Cavalier if either of these conditions occur, keeping the well being of the future of the Cavalier as the priority.

Seller offers a 1 year guarantee on any other life threatening genetic condition (i.e. heart, lung, liver or major organ) on said puppy diagnosed to be hereditary. The licensed veterinarian's diagnosis must be made and submitted in writing along with x-ray and ultrasound findings to the Seller by the attending veterinarian within 14 days of the initial diagnosis. If the puppy is sold locally, the puppy in question will then be taken to a licensed veterinarian of the Seller's choice along with the first diagnosis and original x-ray and ultrasound findings for a second opinion. If the puppy was sold out of state, Seller requires a second opinion from another licensed veterinarian within Buyer's area chosen by the Seller and at the Seller's expense, in order to verify the diagnosis. Should Buyer fail to obtain a written diagnosis within 14 days, and fail to forward diagnosis to Seller, all guarantees will be null and void and no further guarantees will be offered. Should the first and second opinions be conclusive of hereditary MVD or other life threatening genetic condition as stated above, and all the terms and conditions of this contract have been met:

Buyer may keep the affected dog, as is, with no other implied or written warranties/guarantees, as a pet not to be bred, as long as there is quality of life. We will apply 50% of the purchase price of said puppy towards another puppy priced at the same value as the affected puppy. Buyer will be given 1 years from the date of diagnosis to apply this credit offered by Seller. Buyer will be responsible for additional shipping expenses with replacement puppy.

Seller will not guarantee said puppy if there is evidence of any accidents, malnutrition, lack of or improper exercise, abuse or other conditions, ailments, or preventable diseases. This guarantee does not include: breeding ability, retained testicles, malocclusions, patellas, personality/temperament, or conditions which could have been prevented by proper and complete vaccinations, kennel cough, heart worm, all hernias, seizures, parasites or protozoan conditions treatable and common to puppies.

Prior to shipping, all puppies are given a thorough veterinarian exam, at which time he/she is determined to be healthy. If no problems are detected by the veterinarian at that time, and puppy is issued a health certificate necessary for shipping, then no problems diagnosed after shipping will be warranted, other than that covered by the 72 hour checkup guarantee (as stated in paragraph one), the 1 year MVD guarantee (as stated in paragraph two) or the 1 year guarantee which covers genetic conditions (as stated in paragraph three). Breeder guarantees that the above described puppy is a purebred Cavalier King Charles Spaniel with American Kennel Club (AKC) registered parents, and is eligible for registration with AKC . Registration papers are mailed once proof of spay or neuter has been shown at 6 months of age or older. If said puppy is for show/breed papers will be sent with puppy.

The parents of your puppy are of high quality and excellent temperament. As a reputable breeder, Seller asks that you take exceptional care of your puppy throughout its life. This includes providing socialization, medical and dental care (mouth infection can contribute to heart problems), and proper nutrition. If for any reason, you are unable to keep the puppy, you are required to contact Seller first. NEVER shall the puppy be sold to a pet broker, pet store or another breeder. This is to protect Seller's bloodlines and insure said puppy never ends up in a puppy mill, etc. Seller will take said puppy back at any time with no questions asked if needed. Seller will also help re-home said puppy should a problem arise and re-homing becomes necessary.

This contract shall be deemed a legal and binding agreement between Seller and Buyer and is under the jurisdiction of the State of Oklahoma in the County of Garfield. It is further agreed that should any

dispute/arbitration arise between Seller and Buyer regarding said puppy, the legal venue shall be the County of Garfield, Oklahoma. Buyer will be held responsible for any and all costs associated with returned checks, collection and/or attorney fees.

**I/We the Buyer,  
certify that I/we have read the foregoing contract,  
understand its contents and  
I/we hereby agree.**
